17 October 1974

TO: All Training Officers in the Agency

## ADVANCED INTELLIGENCE SEMINAR (AIS)

The fifteenth running of the Advanced Intelligence Seminar (AIS) is scheduled for two and a half weeks, full time, 4 December through 20 December 1974. One of the core courses recommended for specific stages of an individual officer's career, the AIS is designed for experienced middle and senior level officers (minimum grade GS-13) from all components of the Agency. The Seminar is held to about 25 members during each running.

Starting with a brief overview of significant developments and problems facing CIA and its place in the Intelligence Community, members of the Advanced Intelligence Seminar should: (1) increase their knowledge of selected international trends that affect U.S. foreign policy and national security interests; and (2) obtain an understanding of important issues and problem areas in American society which are relevant to CIA and to its personnel. The Seminar draws upon knowledgeable speakers from both inside and outside government and strives to establish an atmosphere of frank, in-depth discussion among speakers and participants.

STATINTL
